

Public Service Access Portal Initiative

BACKLOG	IN PROGRESS	REVIEW	DONE
  	  		  

Role Project Manager

Duration: March 2020 – April 2022

Objective:

Enhance public accessibility to critical labor department services through the development and deployment of an online portal, streamlining service delivery.

Project Details:

Team Size: 12 team members, cross-functional (Development, UX/UI, Operations, Communications)

Budget: \$120,000

Timeline: 8-month implementation

Methodology: Agile, Kanban

Tools: Jira, Confluence, Trello, Salesforce

Key Challenges:

Aligning diverse stakeholder interests and requirements to form a cohesive project vision.

Integrating multiple legacy systems seamlessly within the new platform.

Managing scope and preventing budget overruns through proactive risk management.

Actions & Contributions:

Facilitated extensive stakeholder collaboration and workshops to identify essential services and user experience improvements.

Implemented a robust change management strategy to ensure a smooth transition to the new platform.

Led regular risk assessment meetings to mitigate risks and keep project within scope and budget.

Outcomes:

Increased public access to department services by 40%, enhancing community engagement and satisfaction.

Successfully integrated five legacy systems into one streamlined portal without disruption.
